PUBLIC POLICY PRIORITIES

Adopted June 2017

2017-19

AAUW PUBLIC POLICY PRIORITIES

THE PUBLIC POLICY PRIORITIES underscore AAUW's mission of advancing equity for women and girls through advocacy, education, philanthropy, and research and speak to women's needs, aspirations, and concerns across the life span. The work of AAUW builds upon more than 130 years of responsible public participation, and the following principles provide a basis for AAUW members' actions at the local, state, national, and international levels. Implicit in each of our principles is support for government agencies administering programs, including adequate appropriations, effective and accountable administration, and provision for citizen participation. We advocate public discussion to ensure enlightened decisions on these principles. We work to increase the number of women and other underrepresented populations in policy- and other decision-making positions. AAUW is committed to working in collaboration with diverse allies and coalitions to break through educational and economic barriers for women and girls.

PUBLIC POLICY PRINCIPLES FOR ACTION

Basic to all of AAUW's public policy efforts is the understanding that true equity requires a balance between the rights of the individual and the needs of the community. AAUW opposes all forms of discrimination and supports constitutional protection for the civil rights of all individuals.

AAUW believes that high-quality public education is the foundation of a democratic society and the key to economic prosperity and gender equality. We advocate equitable climates free of harassment, bullying, and sexual assault. We support academic freedom, civic education, protection from censorship, bias-free education, and responsible funding for all levels of education, including early childhood education and programs for students with disabilities. We advocate increased access to higher education, especially for women in poverty. We promote equitable efforts to close the persistent achievement gap that disproportionately affects low-income children and students from minority communities.

AAUW promotes the economic, social, and physical well-being of all persons. Essential to that well-being are an economy that provides equitable employment opportunities; reduction of poverty; a living wage; quality, affordable dependent care; paid family and medical leave; safe, livable, and affordable housing; quality, affordable, and accessible health care, including reproductive health care; and a clean, healthy, and sustainable environment. We support a Social Security system that provides inflation-protected, guaranteed lifetime benefits with a progressive benefit formula, spousal and widow benefits, and disability and survivor benefits. We oppose any efforts to undermine Medicare and Medicaid, including privatization and block grant proposals. AAUW recognizes that gun violence is a public health crisis.

AAUW believes in the right to privacy and freedom from violence. We firmly believe in the separation of church and state. We support a fair, balanced, and independent judiciary. We support public budgets that balance individual rights and responsibility to the community. We see an urgent need for meaningful campaign finance reform, open and fair elections, and nonpartisan voter education efforts that will promote equitable political participation and representation in appointed and elected office.

AAUW supports efforts to improve racial, ethnic, and gender justice. This includes creating a diverse culture of involvement, respect, inclusion, and connection, where the richness of ideas, backgrounds, and perspectives is fully appreciated and utilized.

AAUW believes that global interdependence requires national and international policies against human trafficking and that promote peace, justice, human rights, sustainable development, and mutual security for all people. We support the civil and human rights of all immigrants, including a fair and just path to legal status. We support a strengthened United Nations and its affiliated agencies. We advocate implementation of the Beijing Declaration and Platform

for Action from the 4th World Conference on Women and subsequent declarations. We affirm our active participation in the U.N. Commission on the Status of Women and our commitment to ratification of the U.N. Convention on the Elimination of All Forms of Discrimination Against Women (CEDAW). We support international family planning programs that are consistent with AAUW policy.

BIENNIAL ACTION PRIORITIES

National priorities inform state and local action. Biennial priorities for national action are chosen according to the criteria of viability, critical need, strong member support, and potential for distinctive AAUW contribution or leadership. No order of importance is implied.

To support a strong system of public education that promotes gender fairness, equity, and diversity, AAUW advocates

- Adequate and equitable funding for quality public education for all students
- Opposition to the use of public funds for nonpublic elementary and secondary education and to charter schools that do not adhere to the same civil rights and accountability standards as required of other public schools
- Protection of programs that meet the needs of girls and women in elementary, secondary, and postsecondary education, including strong promotion of science, technology, engineering, and math (STEM) education and comprehensive sexual health education
- Vigorous enforcement of Title IX and all other civil rights laws pertaining to education
- Increased support for and access to affordable higher education for women and disadvantaged populations
- Increased support for programs that break through barriers for women and girls in STEM fields
