

Past President

A Past President's first obligation is to manage the transition from her term to her successor's. They should meet to transfer materials relevant to the office, explain any relevant issues, procedures or duties that will be assumed by the incoming president.

- During her term, the past president will support and mentor the current president as needed. She serves on the Executive Board, making her experience available there and to the Board in general. She attends monthly Board meetings.
- Her penultimate duty is to be responsible for installing the new Board of Directors at the May luncheon.
- She will be honored at a luncheon or gathering of available Ann Arbor AAUW Branch Past Presidents, and will organize such an event the following year. Recently, this group has made a donation to NCCWSL, or some other agreed-upon purpose.
